

Want to give your child the best possible start in life?

*Total Health Care is happy to introduce the
DESTINATION MOTHERHOOD PROGRAM
to all moms-to-be!*

Destination Motherhood is Total Health Care's **FREE** prenatal program that helps guide our members to a healthy pregnancy and baby. Not only can you earn rewards, but you will also be provided with educational materials to help you throughout your journey.

Here's how the program works:

The program coordinator works closely with each member enrolled in the program. You will be issued **gift card(s) and a bonus incentive** for completing all required prenatal and postpartum visits.

Note: Each visit must be met and verified before we issue any gift card(s).

If you would like to sign up for this free program or to receive more information, call the Program Coordinator at (313) 871-7815 or e-mail to motherhood@thcmi.com.

***Free transportation is available to Medicaid members.
Call 1 (800)-826-2862 x3608 to arrange transportation at least 3 days prior to your appointment.***
